Chicago, IL

Foxtrot Tribune Tower

Store Team Lead

Apr 2022 - Apr 2024

Serve and create drinks with attention to detail to the customers' desires for excellent customer service. Evaluate and receive inventory to maintain an efficient work environment. Train new store team members skills and methodology to succeed in assigned station. Relay and assign tasks to team members to reach daily tasks assigned for the day.

REACH/Chicago Scholars

UX Designer

Nov 2022 - January 2023

Worked with Chicago Scholars, an upper bound organization that focuses on first generation high school students transition to college. Collaborated with five other designers researching current higher education trends on supporting first generation low income students. Interviewed higher education staff for affirming design solutions about providing support for first generation students. Designed an application with Figma to give opportunities for higher education staff to visualize students' journey in a centralized location. The application gives higher education staff more information and confidence to provide support on what students actually need.

Freelance

Movement Artist & Filmmaker

Aug 2018 - Present

Worked on self projects that required creating small short films driven by movement. Directed, storyboarded and starred in short film that portrays my journey through the pandemic. Learned and used time based editor iMovie. Participated as a cast member for dance films and video from local Chicago artists.
